Both are LQ but i will go with the first one since its doesnt have blank space in the bg

The text killed it for me in the top one. You should work on that. Need to work on your flow a bit as well. And blending.

I like the words, "trapped in my own mind," but I think that I like the more black and white one. I'm going to vote the second one.

Well it comes with time man. I made sigs like long long long long ago like 2 years and i stopped and started making other things. :/

But you will get the hang of it overtime

I like the top one and the saying and everything, but its a bit too flashy flashy for someone who looks like they're trying to hide from something.

Death Star - August 22, 2011, 1:51 pm

if i could vote I would choose the second one

Cragle - August 24, 2011, 6:38 pm

Both are tight, but I have to go with the first one, I like the coloring better.

Lobster - August 26, 2011, 5:44 pm

Deluxe's one looks neat but then other one has more texture, but I'm going with deluxe :) +1

The Mac Miller - August 27, 2011, 3:24 am

i like Deluxes because his render fits into the sig and it matches the colors.. but i can't vote yet :D

Konloch - August 27, 2011, 3:02 pm

I'd say deluxe's is best, I like the fact that it's not over-powering and yet still looks awesomely powerful.

SmokeyMcSmoke - August 29, 2011, 2:16 pm
