This is not EMF ? , this is Hackforums and i told my suggestion just , I didn't say he is scammer or like that , i just told deal with caution as i saw him in 3 - 5 forums and in no where he is verified Exchanger or VIP member. he has only 1 - 5 posts here and offered nice rates which is obviously looks odd and that's why i alerted peoples to use escrow for dealing with him , as he has no prove of trust ...

I think online business in everywhere we have scammers as it is virtual business. So you have to try it. And because of that, I totally agreed with the idea of using escrow for safe for both of us.

however, you have to pay the whole escrow fee no matter what you are going to buy or sell. As it is ur wish for ur safety.

U can see in my emf link, nobody ever gave me a bad feedback :). And it has been a while so I think in someways it is trustable. (Jul 22, 2011 08:53 PM)The GRim Wrote: [\[CITE\]](#) Hey ntm124 Plz Reply To My PM.

Legit Person,

I Did An Exchange With ntm124.

ntm124 - July 23, 2011, 9:05 am

Update for my new service, actually for wmz I do not have so many clients so if u would like to have it exchanged with others currency or lr I must charge some fee.

For WMZ to LR and vice versa: 1% min fee 5\$

For any other currencies to wmz: 15% fee at least holding 3 days at least

pls do not make any bargain, I already give u the best fees:) (Jul 23, 2011 03:15 AM)

veniondige: Like in pms.

congchuabongdem: but u have only 3 posts

veniondige: You can ask Omnsicnet for verification.

congchuabongdem: it seems strange to me

veniondige: It's just a plugin error.

congchuabongdem: ok

congchuabongdem: and sorry for the cautious

congchuabongdem:

veniondige: Okay.

BUZZ!!!

veniondige: sure.

veniondige: What are you looking for?

congchuabongdem: because I see my client's profile is still the same

congchuabongdem: so I just want to see ur topic for ur escrow service

congchuabongdem: can u give me that link

veniondige: <https://hackforums.net/showthread.php?tid=1298863>

veniondige: Please pm me next time you need me.

congchuabongdem: one min

congchuabongdem: I need u pls

congchuabongdem: it is so weird

congchuabongdem: in ur service link

congchuabongdem: the profile is good

congchuabongdem: but in mylink

congchuabongdem: it does not

veniondige: I told you it's because of the plugins. Search my name.

congchuabongdem: can u pls post in ur topic just one sentence

congchuabongdem: going to deal with ntm124

congchuabongdem: can u do that

congchuabongdem: ?

veniondige: ... it's going to do the same thing.

veniondige: A new account will automatically be create under my name with a slight modification.

veniondige: Sorry you chose a bad time to start exchanging on hackforums

congchuabongdem: yeah

congchuabongdem: maybe

veniondige: I've also got reputation on other forums though ^.^

congchuabongdem: but I hope u understand me

congchuabongdem: I just want to make sure

congchuabongdem: yes

congchuabongdem: I believe factor8

congchuabongdem: but the thing is I dont remember his yahoo id

congchuabongdem: o I just want to make sure

veniondige: Ahh...

veniondige: You won't find my yahoo ID.

veniondige: I'm not allowed to post it fully.

veniondige: And I never posted it last time, last time you added me and told me about the exchange

^.^

veniondige: That's why you can't remember

conghuabongdem: yes that s why I ma asking u to send me a pm or to post a confirm there
conghuabongdem: but when u post
conghuabongdem: it becomes totally different
conghuabongdem: tht s why I m a little bit hesitate
veniondige: Sorry but I can't fix that only Omniscient can.
conghuabongdem: and the thing is it only happens with pm and the new post
veniondige: As you can see my post count has been dropping to less than 1 a day because I don't like posting with this glitch.
conghuabongdem: the topic service still the same
veniondige: Is it because I never posted my yahoo ID?
veniondige: If so it's because I'm not allowed, what proof do you want?
veniondige: Pms/posts will not work.
conghuabongdem: ys
conghuabongdem: because this is like this
conghuabongdem: u remember u pm me last time before u post
conghuabongdem: ?
veniondige: yes
conghuabongdem: now the pm changes
conghuabongdem: but the factor8 service is still the same profile
conghuabongdem: so I dont know what to believe
conghuabongdem: because it means that the pm was sent before the forum got mistake
conghuabongdem:
conghuabongdem: then if it is the same person
conghuabongdem: the profile must be the same
conghuabongdem: here
conghuabongdem: the profile is different
conghuabongdem: that swwhy I am worried at
veniondige: Fair enough
conghuabongdem: u understand rite
conghuabongdem: ?
conghuabongdem: factor8 profile in my pm is acc closed
conghuabongdem: but factor8 the same time in the topic service is still normal
conghuabongdem:
conghuabongdem: so I dont know what I can trust
conghuabongdem: pls understand that
veniondige: That's alright.
conghuabongdem: I sent a pm asking the admin abt that
conghuabongdem:
conghuabongdem: because it is reallyweird if it happens everywhere except for ur topic service
conghuabongdem:
veniondige: Alright.
veniondige: Message me next time you need me.
conghuabongdem: if he confirmed that
conghuabongdem: we will do the trade directly without posting anywhere
conghuabongdem: and the amt will be 850lr
conghuabongdem:
conghuabongdem: many people come and ask me to trade with u as the midlle man
conghuabongdem: so after this there will be no trouble some
conghuabongdem:
conghuabongdem: for the first time I have to be cautious
veniondige:
veniondige: I'll try post again later ^.^
conghuabongdem: ok thanks

veniondige: Hello.
veniondige: Omnsicnet is disabling the plugin momentarily.
veniondige: I can make a post right now if you want.
congchuabongdem: ok
congchuabongdem: luckily
veniondige: I'm not posting my email, I'm just posting the trade okay?
congchuabongdem: I m going to go to sleep
congchuabongdem: ok

veniondige: That's perfect.
congchuabongdem: one when u get it
congchuabongdem: I will ask him to send the first mtcn
congchuabongdem:
congchuabongdem: 2nd when u get it there will be the 2nd mtcn
congchuabongdem: ok
congchuabongdem: ?
veniondige: Okay.
congchuabongdem: sent 449.5
congchuabongdem: lr

veniondige: Got it.
congchuabongdem: it means he has to send me 467.48
congchuabongdem:
veniondige: Please inform him of your western union details.
congchuabongdem: ok
veniondige: Look here. <https://hackforums.net/showthread.php?tid=1298863>
veniondige: My rules are simple.

1) I only do Lr/Wmz escrows. Which means no risk of charge backs for the buyer/seller as well as me.

2) My Escrow fees are flat 10%+ Transaction fees. If the Deal fails , the entire amount gets refunded back to the Buyer.

3) All deals are only and only done on HF Pm.

veniondige: All deals are done by HF pm... ggYou've just been scammed

congchuabongdem: what

congchuabongdem: u scammed me

congchuabongdem: ???

BUZZ!!!

congchuabongdem: what the fuck

congchuabongdem: how come u did like that to a girl

veniondige: Just kidding.

veniondige:

veniondige: That thread is out dated lol.

congchuabongdem: pls

congchuabongdem: man

congchuabongdem: it is 1 am here

congchuabongdem: no time for kidding

veniondige: Don't worry I'm not scamming...

veniondige: Sorry :/

congchuabongdem: i fell asleep already

congchuabongdem: u can see before I just logged in

veniondige: He has went to send right?

congchuabongdem: yes

congchuabongdem: i m waiting for him

congchuabongdem: he told me he gonna come back in around 15 min

congchuabongdem: right now the bank in vn is closed for lunch time

congchuabongdem: so I will wait for him to get the mtcn

congchuabongdem: and in 2 more hours the receiver will come to pick it up

congchuabongdem:

congchuabongdem: when the bank open

congchuabongdem: I go to sleep after I got the mtcn and will let u know if the trade go through tomorrow

congchuabongdem: u agree

congchuabongdem: ?

veniondige dang tra loi

veniondige: Sure.

congchuabongdem: then after I let u know that the trade go through, u cansend thelr to him

congchuabongdem: he said he sent but he didnt give me the mtcn and any info

congchuabongdem: what are u guys doing

congchuabongdem: are u trying to scam me

BUZZ!!!

congchuabongdem: if u want to scam me
congchuabongdem: then u get it
congchuabongdem:
congchuabongdem: pls let me know that u scam me
congchuabongdem: cause I need to sleep
congchuabongdem: ok I understand
congchuabongdem: I will post in my topic this chat
congchuabongdem: and it means that u scammed me 450 lr maybe it is my mistake not to see the rules that are dealt over pm. but the fact is we are using him as escrow service and he confirmed it here and in his topic. so in this case, factor8 scammed. so it is up to u guys to trust him or not. but if it is me, I will never use his service again.
thanks

It's truly a shame you were scamming, just try be more careful in the future.

ntm124 - July 25, 2011, 3:16 am

it is not abt careful or not , he confirmed it.

Triumphant - July 25, 2011, 3:17 am

No on factor8's thread he says he doesn't deal on yahoo hence why you should always ask for his email on pm. If he did not send you his email then it was not him, all the person was doing was manipulating Factor8 into posting to verify that the trade was going to happen never that he was veniondige.

Louise - July 25, 2011, 3:29 am

"veniondige: Please send over the funds to U5730543 and tell me your WU details." That LR is not Factor8 LR i think you got scammed by one imposter

ntm124 - July 25, 2011, 3:30 am

yes at quite good timing. so tired

ß|?cksí-í?d?w™ - July 25, 2011, 3:31 am

First of all Post screenshots of your MSN conversation and 2ndly Factor8 's MSN name is also Factor8 ...

and Factor8 don't do deal in Yahoo , only MSN and stop this bullshit here and post a scam report on Dispute section if you have strong proves against him ...

Post screenshots of everything you did conversations and you send money to him via LR . Factor8 is Highly trusted and he does daily over 1000\$, he don't need to scam for 450\$ LR lol

first of all, dont say like that with a person just lost money. do u have a heart guy

2nd of all, I m new here and lessons need to be learnt. That person took advantage of his service and lured him to post in my topic for confirmation. He confirmed in my topic at exactly the right time. that is the reason.

why are u so happy at me losing the money like that

yes i saw before his username was Factor8 not Factor8™ .
so OP should watch this and OP should PM real Fact here in HF and when he PM to FACT he should check that Fact's profile has Staff usergroup and also huge Reputations ... sad OP didnt do that and done deal with scammer / imposter fake Factor8 !!

i am not happy here , lol many fuckers also did impost of me and scammed some users here ...
thats why i mentioned my one and only MSN and Yahoo id in my thread , so people deal with original person not with IMPOSTER , those who dont watch my thread and deal with imposter will loose money , and i think same happened with you , anyway let REAL FACT COME online then all will be cleared ...

i told you rules that you cant call anyone scammer without any prove , you have to post a scam report with proper screenshots and proof , otherwise its not allowed here to call anyone scammer without scam report ... i told you just , i know when someone loose money and i lost already over

2000\$, Factor8 is highly trusted than anyone else here , Just post a report with proper screenshots , the proof you posted can be easily edited , Post screenshots in DEAL DISPUTE section and that LR id is not Factor8's LR id

ntm124 - July 25, 2011, 3:43 am

no the real Factor8 already confirmed it in my topic that he is my middle man between me and him :| at exactly the time I asked him to do that. because he pm real Factor8 to do it. I knew FACTOR PROFILE dont u see his post in my topic???? another thing, I sent OP a message and asked him to confirm that that yahoo id is Factor8. but he didnt reply. and after that real factor8 with his tm and his profile posted in my topic confirmed about his job. do u see the whole thing???

Triumphant - July 25, 2011, 3:47 am

That's because in order to trick you and make you think it was him the scammer got F8 to post on the thread even though you requested a pm and proof of email. He got away with a post.

ntm124 - July 25, 2011, 4:08 am

I even sent the message to OM asking if that yahoo ID is real Factor8. after that a short time, real Factor8 comes and post to my topic for confirmation. .. hereby, I said sorry for Factor8. we both were taken advantage of. and he never scammed me, another person. I would like to leave the chat here so that people can learn st from it ...

What does Vietnam have to do with anything?

I don't see other people making exchanges saying
"reliable exchanger from United States"

ntm124 - April 21, 2012, 1:33 pm

but I dont see anything wrong if I include it :) . Thanks . And I want people who deal with me be ready that my working hours for some certain service based on VN hours. if u just come to my topic to say that, I m very sorry to make u confuse.

ntm124 - April 22, 2012, 7:51 pm

I am doing another promtion for MG and WU to LR : 2% if u buy more than 1000\$ and 3% only if u buy less than that .

There are certain guys here asking me if I can go first or not. I m sorry dear. But I m not going first with anybody. I have been in this business long enough to get my own prestige. Many trustable guys here go first for me without delay . These include but not limit to : Developer, the grim, blackshadow Feel free to ask them if u need reference. and u can see their posts in my topics too.

I am ok with middleman anyway :)

The GRim - April 22, 2012, 11:16 pm

I have dealt with her from the last 2 years and i have went first all the time, never had a problem till now ;)

ntm124 - April 22, 2012, 11:24 pm

Thanks Grim :D. And I do specify here that I do accept middleman, and my middleman will be blackshadow because he is my dear partner and he offer that services too :D. with u as the payer for the mm fees.

u can choose ur own mm if u want other, but I believe most of my partner here Blackshadow, TheGrim, Developer.. is wellknown and trusted enough to be a mm .

Oh my god wmz is so annoying!!

I sell out and receive wmz daily. today I received wmz from a guy. and then sells all I have for another guy. I am waiting for the confirmation code for 2 hrs and it never comes. cost me 2hrs. the craziest thing is that when I called them, I choose English as language spoken but the whole waiting line, not even a short word of English.

. then finally I come to talk a girl after almost 10 mins. her english is not so good but she could hear me. she told me to wait for her to check. after another 15 mins, she comes back and she says she doesn't know, abt that matter I have to write to another centre. and never let me know what is the email. she hangs up!

25 mins of long distance + 2hrs waiting.

what a nice price

Up going is a new service on STP

Yes, I am selling out STP at good rate, contact me :)

ntm124 - June 28, 2012, 6:16 am

Update on my wmz,

Sorry GUys , I have missed alot of wmz order recently due to the facts that my webmoney account couldn't receive confirmation code without the help of the support. and the support is not really supportive. sometimes I couldn't get a hold of them. SO I have postponed all business related on wmz :) for almost a week up to now.

I will update my webmoney status and business on this topic and on my yahoo. Unfortunately, both of my yahoo has been full and couldn't add more buddies with around thousands messengers. Thus, there is no way I could specifically remember any clients or anyone come acrossing me asking abt it. Therefore, pls kindly look at my topic and especially yahoo status to know more abt my webmoney business. I don't want to miss any order from webmoney or keep any for waiting at my webmoney business(there is a buddy asking me for the deal already 5 times this week I would love to deal with him right after everything is solved but couldn't remember his yahoo) . So I believe yahoo status and topic update will be the best communication channel.

Sorry guys for any inconvenience :(

for example: if u give me an order of LR via Wu and the information is incorrect, I have to contact with you to fix the info and then come back to the bank again to pick it with the right information. There will a charge of another extra 5\$ for that.

SO PLEASE KINDLY LOOK BACK AT ALL THE INFO BECAUSE U PROCESS UR ORDER. MAKE SURE IT IS PROPER . IT WILL HELP SAVE US BOTH TIME AND MONEY.

Updating my service!

Guys as you all know, normally I only accept wu, moneygram to VN and because of this, it is usually only allowed on weekdays or from 8 am to 5 pm HongKong Time (GMT -7)

Today , just want to let all of u know that from now on I will also accept WU, MG to Canada for 8% fees with a min fee of 10\$.

Why is this so high??

First : Canadian WU only accept me to take Canadian, not USD, so I will lose quite a few percentage for currency exchanging

Second: By accepting Canadian WU , I give you a chance to buy LR even in weekend. And I believe that it is understandable for me if I want to charge more for working at weekend :)

So what would be the best way to deal with :

if: you can send freely in weekdays, pls send your WU to VN, the fee is only 4% a huge savings on

yourself .

Working time : from 8am Monday morning to 11 am Saturday GMT+7 - Hanoi-bangkok - hongkong timezone

if, you need lr in a hurry and couldnt afford to send your WU or MG during the above hour , pls send your WU to Canada . Make the decision clever, because the fee for buying LR via WU, MG to Canada is double : 8%

Working time : from 11 am Monday morning to 5pm Sunday GMT -7 or Eastern time New York time zone

Whatever the location u choose, ur order will be completed among 1hr the most. if I couldnt make it like that, I would tell you clearly before hand.

So now, my service is updated, I can pickup wu and moneygram to you almost 24hrs a days and make it happen it max 1hrs. choose the location wisely so that it would be of ur best benefit.

Anything concern pls let me know.

after sending the wu, please provide the sender name, country, amount and the code. nothing more required.

Hello guys how are u doing???

I have just had a new order with a guy who is new to my service and the website. He is from india. and he wants to sell his lr. to save the cost for both of us, i suggested him using cash pickup at a local bank. since it is available for india instant with a fee only of 5\$. he doesnt read my pm clearly. and didnt provide the information that is requested. and then go out for his holiday after pm me right away for 4 days. I couldnt make the deal since it is not enough information and trying to pm him 2 more times but unsuccessful. now he comes back and tell that i m scammer. it is a 64lr selling order. it doesnt matter to me whether the order is either big or small, i treat everybody the same. but sir, pls it is ur responsibility with urself and ur partner that u understand clearly what is agreed between the party and how it is going to be processed. how can u leave ur order with a stranger right away to ur holiday for 4 days. then come back saying u r starve and need money and the other is scammer ????. it is u who ur not responsible enough with urself. not me

luckily, it is me who u dealt with . otherwise u might get scammed . and had no reason for claiming anybody because u didnt follow the rule.

ntm124 - May 19, 2013, 6:40 pm
