Thread: [\[INVEST\] Invest in my niche'd site \[INVEST\]](#)

IIBAN - July 23, 2011, 4:27 am

I've got myself a VERY good niche which hasn't been used yet (For SEO etc.)

The only problem is that I need some money on my PP to buy a decent domain name, this is where you come in.

IF you send me anywhere between \$5/\$10 THEN I'll pay you triple once Google adsense pays me my money.

Who is willing to invest in me?

Thanks and have a nice day,
Epic.

NOTE: Google AdSense has already been set up.

It's only 5 to 10 bucks, do you really think I'd scam for that kind of money? Lmao.

I would be intrested in investing, I'll get you the domain though my method so you can use your own details?

All your rep is for asskissing.

I'm not scamming for 5 bucks you idiot.

Please get the fuck out of my thread if you haven't got anything good to offer.

Now go and giveaway something for +REP so that you'll feel better hmm? ;)
