That would be called spelling, not grammar.

Anywho, nice tag and good luck.

We used a Middle Man and this person tried to scam me! I sent \$30.00 to the Middle Man, then he won't send the information to the middle man so the middle man just refunded me.

The middle man was me, I was awaiting for the other person to send me the details and then he didn't so I had to refund Ethan. Wow that just wasted me time =/

Be aware, I remember this kid tried to scam one of my friends a while ago for one of his tags. He tried trading the Gt "Outcast" when he did not own it. Deal with this user with caution.

Look at all your scam reports lol, I see why he didn't want to do it.
