Thread: [Abronsius Code Obfuscator 3 and 4 \(ACO\)](#)

alibaba5 - July 26, 2011, 6:24 pm

I see many people asking for ACO versions, so here are versions 3 and 4.

Don't complain about the detections, these are original downloads from Abronsius.

Checked by myself with all known things.

If you don't trust it, don't use it, simple.

All credits to Abronsius, i just post them as i have respect for this coder.

You need some knowledge to use it, skip it when you try to fud something for the very first time.

Good luck with it.

Cheers.
