Hi HF,

Today i am going to share some tips on How to get accepted by Google Adsense?.. Many people wondering for getting Google adsense account within very short time..But in the most of the Asiatic country it is not as easy as western country..You have too keep patience for google adsense account,,And once you get that account treat like a gold..Because if google adsense banned your account due to illegal activity than you feel life long regret

For approval of google adsense account with blogger here is some tips::

1. Do not use wp robot to write your blog.
2. Write good quality blog yourself.
3. Do good formatting of your blog.
4. Do not provide private downloading link in your blog.You can give official downloading link..
5. Do not write blog about Hacking material and Money making..
6. Make 2 or 3 page in your blog each contain 2 or 3 post..
7. After waiting atleast 15 days to 30 days apply for adsense account.(For Asiatic countries)

If your account rejected by adsense than check the reason for rejection..Correct it and resubmit again....Please i advice you to not to do anything illegal activity with your adsense account..
