+mK - August 1, 2011, 1:09 pm

I believe I see what you did there. But, I say so. There is roughly...300? of them. It's from 200-300 of them, that's for damn sure!

Acrolyte - August 5, 2011, 7:14 am

Dl'ing now, thanks for the share man :) collecting stocks and what not is hard without premium memberships flying out your ass lol.

+mK - August 5, 2011, 7:23 pm

Very valid point, thus the reason I uploaded it to my DropBox! :D

Sasori - August 5, 2011, 7:27 pm

It's going to be for Flashy's idea.

Eh, but I have 2,000 renders - just couldn't be bothered to waste 5 hours to upload it. D:

That'll take a bit. :z So I've noticed.

But the pack should be "homemade."

Which is why Flashy only wants private resources or homemade.

:| Oh, so we are looking at quality over quantity here? D: Hmm..

.Astro - August 7, 2011, 2:38 pm

It should be quality over quantity in most cases anyways.

+mK - August 7, 2011, 2:50 pm

Well, of course. I'm not going to throw some shitty piece in my pack due to the fact it's a piece. I'll hand go through them. I mean, they all have to be things nobody has ever seen before? O.o

acrylick - August 7, 2011, 6:05 pm

Nice pack man. I'll enjoy it very much. :]

+mK - August 13, 2011, 7:33 am

No problem man, enjoy. D: Your signature is super monotone, just saying. :|

Trenk0 - August 15, 2011, 1:24 am

Mittens - August 17, 2011, 9:16 pm

Wow, looks like a great pack. I am in need of some new stocks. I will look into this.

DeMeR - August 17, 2011, 11:32 pm

lol cant wait till someone comes in here and says that they made some of the c4ds or something and didnt give you distributions rights and he/she thinks all the graphic masters are derps.

no cool, ask the creator for the rights to distribute or dont make a pack.

Hamadamoh - August 18, 2011, 12:21 am

good pack, I mean its 1 GB lol, guess it contains many categories and would be helpful for all tastes, thank you!

Echoes - August 18, 2011, 12:59 am

They never said you couldn't. D:

But indeed, that would suck. That's the thing - you can't ask someone who is ghostless.

koi - August 19, 2011, 7:41 pm

thats quite the pack, awesome share and love the board lol

Pretend - August 19, 2011, 10:51 pm

Wow, thanks for this amazing resource pack.

Hope to see more packs from you in the future.

+mK - August 20, 2011, 10:04 pm

No problem, enjoy. It wasn't hard to do, considering I didn't create the actual resources - I only compiled and uploaded them.

Sefirosu - August 21, 2011, 8:10 am
