Thread: [iTunes Theme \[Preview\]](#)

infomiho - July 31, 2011, 1:36 pm

I just finished the main theme, but I'm experiencing problems with circle buttons :@

So just a quick look:

Comments?

Also the clean theme:

Thanks :)

Will do, as soon as I solve the buttons problem, I'll release it to you all ?

Looking good so far! If you need help with the circle buttons, let me know and I will see if I can't help.

I added you on MSN.

I'm not trying to copy iTunes, it's merely an inspiration :)

Oh i see, well usually when people call a theme by a product such as iTunes or Adobe, then they are trying to recreate that specific theme.

By looking at the picture you have a long way to go :3
