crazijosh - February 17, 2014, 11:50 pm

hey bro you still doing youtube likes and sub??

#Raue - February 17, 2014, 11:54 pm

I would not trust the view service, I clicked on all the vouch links and the videos are unavailable.

User is probably not using a proxy server which will allow the person to get fake spotted views.

I would also say you should not do this cause YouTube watches all of there views closely now.
