MAKE CALL WITH FAKE CALLER ID(CALL SPOOFING)

CrazyCall is the ultimate tool for making prank calls and fooling your friends.

You can change your CallerID, so when you call someone he sees on his Caller ID display the number you selected.

You can also change the pitch of your voice for deep and creepy or high and funny.

How is it done:

1st step

Select the country you are calling from, choose the CallerID you want to display and enter the number you want to call.

2nd step

Press "Get me a code" and we will provide you with number to call and a code.

Call the number

3rd step

Enter the code and we will connect your call to your friend with the CallerID and voice you have selected.

here is the screen shot of that site
