Shaggy Rogers - August 8, 2011, 8:27 am

Title:Hijacking Mmorpg Accounts

Author: Final824

Pages:11

Description: Somewhat basic guide on how to Hijack Mmorpg Accounts

Payment Options: Paypal Only

Copies Available:Unlimited

Review Copies Available:0 now except for the reviewers

Resale Rights: 30\$

Price:\$2

Enjoy.

Red Army - August 8, 2011, 8:30 am

I'll take a vouch copy if you want mate?

Never seen one aimed at MMO's, should be interesting.

Juuuuurd - August 8, 2011, 8:34 am

Yeah if you have a vouch copy available I would like one :)

Red Army - August 8, 2011, 8:40 am

Received the vouch copy.

The methods in the eBook are public knowledge but for \$2 you can't expect anything more really. Having said that there are many methods here which will be helpful for people who are just starting out in hacking as some of the methods are in depth and will help you get started.

I would probably say if you have been in the scene for over 6 months you will know all this methods by now.

Nice eBook though and good luck with sales.

Thanks, it is somewhat basic but its the proven methods that work, not some wild goose chase. Lol, think I should lower the price to \$1?

Red Army - August 8, 2011, 8:43 am

Like I said it's perfect for skids and they are proven methods, keep the price at \$2 as there is alot of info there.

Juuuuurd - August 9, 2011, 5:34 am

Got a vouch copy, does what it says on the tin teaches you how to hijack MMorpg accounts, can work for other accounts on different sites as well.

A lot of the information is available else where but it's collected handy enough into this ebook. Vouch for this.

Greetings,

To get your e-book reviewed, please complete the following steps.

[img]http://i.min.us/i91rW.jpg[/img]

Note: Please choose only one from the list.

Official Reviewer Leaders-[BoodyE-](#)

[img]http://i.min.us/iDQe2.jpg[/img]

Next, copy the entire form and paste it as the PM body.

Code E-book Name:

Thread Link:

Download Link:

Password:

Additional Information:

Should a field remain empty, please put N/A or leave it blank.

Make sure that the download link and password (if included) is working. Your review will get delayed if you do not.

[img]http://i.min.us/i9OJw.jpg[/img]

Once your e-book has been issued to a Reviewer, a post notification will be in your thread saying, "Pending review by the official Review Team. This post will be updated with a full review within 48 hours."

Only 2 Reviewers will be given that e-book and will provide an unbiased, accurate report of your e-book within 48 hours. If we fail to meet this, please do not hesitate to PM the previous leader you have PMed for a clarification.

[img]http://i.min.us/i9QR4.jpg[/img]

I would like to take this opportunity to remind you of the E-book Bazaar rules as stated ['here'](#). No begging for review copies.

All reviews must be done by official Hack Forums Reviewer Team.

Read the sticky for sales thread and follow the given template.

No e-books containing phishing tutorials, credit card fraud, PayPal fraud or copyrighted material.

We forbid the sale of any Multi-level Marketing (MLM), High Yield Investment Program (HYIP) or Pyramid scheme type e-books.

I would also like to encourage you to report any other user requesting a review copy or an unofficial review of e-books.

If you see a violation of the above rules, such as people asking, suggesting and giving unofficial reviews, please use the Report button

[img]http://hfmaxcdn.witza.netdna-cdn.com/images/blackreign/english/postbit_report.gif[/img] and report it as "Marketplace Violation."

Thank you and we wish you success with the sales.

Shaggy Rogers - August 9, 2011, 7:46 am

Alright I submitted an official review request. Hopefully it turns out good. =P

Shaggy Rogers - August 12, 2011, 6:48 am

I sent the review in 3 days ago, not so much as a post saying pending.

Gambino - August 12, 2011, 7:01 am

Is it telling them you're parent died and the account was in their name so then you just do a fake death certificate? Or is it something else?

Shaggy Rogers - August 12, 2011, 7:49 am

What? Lol, no it covers over 5 ways to hijack mmorpg accounts. Covers everything from rats to brute forcing to Se. It also has pictures and download links. Its really cheap only 2\$.

Viral Dragon - August 12, 2011, 5:23 pm

Hello! My name is Viral Dragon and I will be reviewing your eBook today! Please keep in mind that this is my strict opinion on this eBook and may vary depending on the reader. Let's begin!

=====
Title: [Hijacking MMORPG accounts.](#)
Price: \$2
Pages: 11
Author: [final824](#)

=====

[img]http://img29.imageshack.us/img29/7720/qual3.png[/img]

The quality of this ebook wasn't that bad really. The author did go into rather good details about the methods he provided. However I felt he only went over them just above what was needed and could have made it much better if he had put some more pertinent information relating to the methods.

[img]http://img69.imageshack.us/img69/6518/ease4.png[/img]

All of these methods are extremely easy to use/implement. However I'd like to note some of them require good acting and/or knowledge of the game. Some also require a good amount of time to set up. In this sense none of them are auto pilot sadly.

[img]http://img10.imageshack.us/img10/7468/lay3.png[/img]

His layout wasn't that bad really. He used more than one color. However not too excessively. His paragraphs are nicely formed and well written. The lists look neat and ordered. The author uses some pictures but not enough to over crowd the ebook or make it look sloppy.

[img]http://img709.imageshack.us/img709/4820/gram4.png[/img]

His grammar was pretty good in this ebook. I did however note a few mistakes. Mostly sentence structure wise; However no one should have any problems what so ever in reading this ebook.

[img]http://img812.imageshack.us/img812/5495/org1w.png[/img]

Sadly, none of these methods are original at all and most if not all are public and common knowledge. However the author did provide useful supplies as well in order to help you.

[img]http://img42.imageshack.us/img42/1049/notesf.png[/img]

I'd like to note each method is illegal and if the company wishes they could press charges (on one or two methods). The others however the target COULD sue. However it wouldn't benefit them. But I would like to note they're illegal and will get you into trouble if caught. \$2 doesn't seem like a bad deal to me.

My overall rating for this eBook was: 3

Good luck with sales!

-Viral.

Impurity - August 12, 2011, 5:37 pm

Hello! My name is Impurity and I will be reviewing your eBook today! Please keep in mind that this is my strict opinion on this eBook and may vary depending on the reader. Let's begin!

=====

Title: [Hijacking Mmorpg Accounts](#)

Price: \$2

Pages: 11

Author: [Final824](#)

Reviewer: [Impurity](#)

=====

[img]http://img33.imageshack.us/img33/1165/qual4.png[/img]

The quality of information provided in this eBook was above average. The author explained things relatively well, but there could be some more detail in certain places.

[img]http://img200.imageshack.us/img200/3488/ease2.png[/img]

These methods do require some practice. You won't master this right away.

[img]http://img10.imageshack.us/img10/7468/lay3.png[/img]

There were no pictures, but the text flow was alright. The font size and colors were bland, but readable.

[img]http://img709.imageshack.us/img709/4820/gram4.png[/img]

There were a few sentence structuring mistakes but spelling was good. The errors that were present didn't effect the quality at all.

[img]http://img716.imageshack.us/img716/1856/org2.png[/img]

Most of these methods are common sense and some are public. While this explains them and will help you get started, don't expect anything brand new.

[img]http://img42.imageshack.us/img42/1049/notesf.png[/img]

This eBook will get you started on social engineering MMORPG accounts, after some practice you'll be able to successfully follow these methods.

My overall rating for this eBook was: 3

Good luck with sales!

Viral Dragon - August 13, 2011, 5:59 pm

Updated to a review. Sorry for the long wait.

-Viral.

Impurity - August 17, 2011, 1:46 pm

I've updated my post with the Official Review, I apologize for the wait!

Johnsnoz - September 21, 2011, 4:20 pm

I can honestly say, i enjoy this guide and it was well worth it. thanks (:

Alside - September 21, 2011, 7:14 pm

May I have a review copy? If not I understand and good luck with sales
