Thread: [How can I make my bots mine bitcoins?](#)

nfaust - August 8, 2011, 12:57 pm

Hey guys. So I want my bots to mine bitcoins for me. I'm using metus delphi. How can I do this?

Gorhax - August 8, 2011, 1:13 pm

Download and execute a bitcoin miner onto your bots..

Wheelz - August 8, 2011, 1:21 pm

If you were using a RAT it would be much easier, also I think someone just posted a tutorial on this like 2 days ago

How do I send a file through my RAT? For example, If I wanted to send this

<https://hackforums.net/showthread.php?tid=1480994>

I'm using DarkComet 3.3

First off you will need a bitcoin miner. I recommend you checkout the [Premium Sellers Section](#) where there are many bitcoin miners for sale there.
