Would vote if I could but don't have 100 posts! I vote for iPaToXx anyways.

In the future to prevent from unfair voting leave the names anonymous in the poll and just do 1,2,3 etc. If you know what I mean

Blixx - August 11, 2011, 1:44 am

I voted for the first one, it has much better style, colors. Also the second one looks a bit empty.

Renewed - August 11, 2011, 5:15 pm

I made the final vote I guess. I liked the first one better. The border doesn't look nice though.

SmokeyMcSmoke - August 29, 2011, 11:47 am

both good, but if i had to decide, i would go with #1

rDarko - August 29, 2011, 1:01 pm

+1

Number one.

Has better effects.

Number 2 is just a c4d in the BG with a render on top with some smudge on the render.
lol

Renaissance Man - August 29, 2011, 1:27 pm

Number 1, nice effects and really not "over done" looks great :)
