Thread: [GameCP.com - Hacked and DOWN!](#)

Number 1 - August 11, 2011, 10:46 am

Too late now!

Sites back to normal,I kindly helped them in exchange for \$200 USD and 1 Lifetime License.

khosting - August 11, 2011, 10:50 am

btw :D

give me the admin login page haha that not bed..

lol <http://gamecp.com//index.php?pageId=63>'

rayna66684 - August 11, 2011, 10:51 am

edit the home page would be nice. but nice hacking

Number 1 - August 11, 2011, 10:53 am

Homepage is risky,I can't let the owner find out.

And thanks!

Das_Virus - August 11, 2011, 10:56 am

Okay but thats not difficult.. I have also access to it.

Number 1 - August 11, 2011, 10:58 am

Ok whats password then?

I know it's not difficult at all,the site is fucked,I want to hack their clientarea.

Das_Virus - August 11, 2011, 11:34 am

Are you fucking stupid? Do you have deleted the whole Site?!

Number 1 - August 11, 2011, 11:36 am

No ,I didn't delete the whole site lol...What you talking about?

Number 1 - August 11, 2011, 11:38 am

yeah,I'm hacking the whole website,Trying to get the DB.

Das_Virus - August 11, 2011, 11:40 am

But what have you done that noone can access the site?!

Just getting 404 Errors and syntax errors when I try to reach the index site or any other site on that server.

Number 1 - August 11, 2011, 11:41 am

I can't tell you what I did,Just wish me luck!..

:D

HaxOr? - August 11, 2011, 11:42 am

config.inc.php is missing from that server.
He deleted it i think.

Das_Virus - August 11, 2011, 11:43 am

oh man... I wish you luck, but please, if your finished it would be cool if you could reupload the config.inc.php so that other people and may the admin too can access the page.

thanks -.-

Number 1 - August 11, 2011, 11:45 am

The admin can just to it himself lol..I never touched the config... at all .

HaxOr? - August 11, 2011, 11:47 am

See what error says

"require(includes/config.inc.php) [function.require]: failed to open stream: No such file or directory in /var/www/html/index.php on line 7"

"Failed opening required 'includes/config.inc.php'"

Number 1 - August 11, 2011, 11:49 am

Yeah but I never touched the config.php ,I don't even got access to FTP. Maybe the owner found out.

HaxOr? - August 11, 2011, 11:51 am

Yeah,maybe.

Do you have admin rights?

Upload a shell and deface ;]

Das_Virus - August 11, 2011, 11:52 am

FTP is closed.

MySQL (3306) OPEN
IRC (6667) OPEN
realserv (7070) OPEN

Admin Username: ""--""

Admin Pass: ""--""

Maybe someone is able to use that information to log into that site t do whatever he wants to do.

Bug Car - August 11, 2011, 11:54 am

You are king omG!!! Thanks God! Please set redirection to <http://www.gamepanel.net/> <-- THIS IS BEST GPANEL! YOU ARE GOD!

Das_Virus - August 11, 2011, 11:57 am

Access denied over MySQL Client with the login informations posted before.. I cant connect.

Number 1 - August 11, 2011, 11:58 am

I got admin rights to the template etc.. not cPanel and other things

Das_Virus - August 11, 2011, 12:00 pm

The running http Server is lighthttp 1.4.13

AND there is a Remote Shell Exploit for Lighttpd <= 1.4.16

Number 1 - August 11, 2011, 12:04 pm

So Das_Virus are you able to get the database for clientarea?

Das_Virus - August 11, 2011, 12:05 pm

No, im currently searching the Exploit to use it, but I read that there is one. Just wait.

But you said you have admin access? How do you connect?

Number 1 - August 11, 2011, 12:05 pm

No I have admin access to /admin the template. which you do too.

Das_Virus - August 11, 2011, 12:08 pm

<http://www.securityfocus.com/bid/24967>

How I can access to it? the admin pannel is dead.

Number 1 - August 11, 2011, 12:10 pm

I don't know the admin is working on the site LOL,Check it <http://gamecp.com/>

Errors are gone!

Das_Virus - August 11, 2011, 12:12 pm

Error: Unable to connect to MySQL

Think admin has noticed it.

Number 1 - August 11, 2011, 12:13 pm

Haha edit,He changed the index page to Error connecting to mysql.

Das_Virus - August 11, 2011, 12:15 pm

And now? He will have logs or?

You used VPN or a Proxy?

SITE IS UP!!!

Number 1 - August 11, 2011, 12:21 pm

I used my pc,don't worry the owner is dumb.so it's ok.

Das_Virus - August 11, 2011, 12:23 pm

Cant acces admin pannel, he has changed the link?

Editd: Foun the link, pmed you.

Bug Car - August 11, 2011, 12:24 pm

PLEASE CRASH SECOND TIME NOOB! WE WILL MAKE ABANDONWARE OF GPANEL :D

IIBAN - August 11, 2011, 12:26 pm

Can you post the admin link? I will root the server for you guys :)

Hydra - August 11, 2011, 12:29 pm

You aren't allowed to put HF. It has nothing to do with it and Omni will Warn you for that shit very soon....

Das_Virus - August 11, 2011, 12:40 pm

Okay admin changed the LoginPanles anotheertime, and admin/pass.

dk why he noticed it so fast that we had his new cpanel site...

Im stopping it now. Hav fun with the site.

Number 1 - August 11, 2011, 12:41 pm

LOL I'M TALKING TO THE OWNERS

dlN You got a big hole in your website

20:35 William|GCP apparently so

20:35 mib_qdedln Anyone can compromise your data ,database

20:35 mib_qdedln Sorry for making damage to your website

20:35 mib_qdedln I was checking your websites security.

20:36 William|GCP thats what backups are for

20:36 mib_qdedln yes, but it will continue....as you are missing a SQL Vuln inside your site

20:36 mib_qdedln which hasn't been fixed

20:37 William|GCP might take a lil while to fix since we have to first restore what you exploited

20:37 William|GCP only been 5mins

20:37 mib_qdedln Ok:)

20:38 mib_qdedln Sorry about that!

20:38 mib_qdedln so I guess you know how I found my way in?

20:39 William|GCP not yet

20:39 William|GCP but id guess its threw our crappy CMS

20:39 divulgahost <http://gamecp.com/get/from/this/mirror/GameCP-Remote-Linux.tar.gz> || Not Found

20:39 mib_qdedln which cms?

20:40 William|GCP yes divulgahost our site was just exploited by mib_qdedln only moments ago

20:40 divulgahost :(

20:40 mib_qdedln sorry guys

20:40 divulgahost Why he made that?

Das_Virus - August 11, 2011, 12:46 pm

Admin Pass/Uname is still same, cpnale site is gone. Good that you talked with them, now they can fix it.

Vulnerable link: <http://gamecp.com//index.php?pageId=63&preview='on>

TrollzSec - August 11, 2011, 12:51 pm

Can you'll teach me master? :)

Im sure you can deface an noob site which i need you're help with.

ntoskrnl.exe - August 11, 2011, 12:53 pm

? ? ? ? ? Good job bro! - HACK IT AGAIN! ? ? ? ? ?

Aha

Lol

The page you've requested has been disabled.

Please try again later.

Number 1 - August 11, 2011, 12:56 pm

Yes I'm talking with the owner. He solved it and it's backup.

Das_Virus - August 11, 2011, 1:01 pm

@010100111001 : The link was vulnerable BEFORE they fixed it.

Sorry for my LQ Posts in this Thread..

Hope the site will be up for long long time now.

ntoskrnl.exe - August 11, 2011, 10:57 pm

Hahaha LOOK THIS --> <http://gamecp.com/?key='>

Hope to crash this page again!

Number 1 - August 12, 2011, 4:58 am

Nope, That error is useless...now

I hacked them once, they paid and they secured their shit.
