Hello mate,

I'm a begginer in the setup of remote administrative tools, if you can help me, i will be gratefull to you :)

Can you, please, send me too, the settings of your RATs? :)

Thanks mate.

I wouldn't mind getting some help... thanks a lot :s

Sumvisi0n - August 20, 2011, 5:10 am

Hey i'am very confused in setting up the rat But happily i found you ;) Pm'ing now.

thedude33 - March 12, 2013, 2:56 pm

I'm new and excited to start! I PM'd you already. Thanks for the help!

gatechguy91 - March 13, 2013, 7:53 am

Hey there. I've PMed you. I think I am all set up. I just need to get a good crypter and a test slave would be very appreciated. Thanks for doing this.

EDIT: I now have Tyna Crypter and Element Scanner shows that most AVs can't detect it.

C1m3ri3s - March 13, 2013, 8:30 am

Okay thnx man i will pm you with info

Hey,

Can you tell me how much do i have to donate to learn RAT setup ?
And is it legal ?

Thanks,

Came to me about three weeks ago saying he was making a help desk, luckily i talked him out of it, seeing as he had no idea what he was talking about. He could not answer a single one of my "test questions". But hopefully you know more know. Good luck with your thread.

Tomstery1 - August 9, 2013, 8:59 am

Hope you can help me out! Hope it doesn't include port forwarding

If that is the case, at least users ARE using the search function.

wanbetaaler - March 11, 2017, 7:29 am

Excuse me people i was not watching the date.

My bad.

I will leave this thread dead.
