Faith - August 18, 2011, 11:33 am

I'm selling a Guaranteed to work PayPal method, I'm so sure it will work that if it doesn't you get your money back.

This METHOD is SUPER cheap.

My Methods of payment are

-Liberty reserve - 5\$

-Webmoney - 10\$

-AlertPay- 15\$

The prices are next to the methods.

This is not a public method.

I'm offering one vouch copy, to a trusted member.

Terms of service:

Spoiler ([Click to View](#))

-If you claim it does not work, you must have proof to back you up.

-If you have problems take it to pm.

-I do not have to sell to you, if i do not choose too.

-If you try to commit fraud payments, The refund is not VALID, and the methods guarantee is gone.

DaL33T - August 18, 2011, 12:50 pm

Faith - August 18, 2011, 1:02 pm

Faith - August 18, 2011, 1:07 pm

That's terrible but how does that relate to my method if the dispute is closed and cannot be reopened.

IRC - August 18, 2011, 2:44 pm

Does this method involve the gift option, opening and closing the dispute, or putting text in the memo saying you got what you wanted in full; you are satisfied and won't chargeback under any circumstances?

witchitized - August 18, 2011, 4:01 pm

How lulzy would it be if everybody that bought this and paid with PP used the method to win the dispute... Heh.

Grillianz - August 18, 2011, 4:42 pm

If the people pay with a stolen PayPal you will lose the money no matter what, so there isn't much point to this.

This guide has been sold so many times by so many people. Is it that you tell the person to pay in a different currency, that way if they dispute only that currency will be negative?

Faith - August 29, 2011, 10:06 am

I now have a once in a lifetime deal! 15\$ LR or AP for RESELLER.
