nofear1999 - August 21, 2011, 7:52 pm

I said yes to the refund, you said a date, it's way past the date. G'day.
and No, I didn't ask anyone to neg you.

nofear1999 - August 21, 2011, 9:30 pm

I never told anyone to rep you.

You'd be repfucked anyways.

Users neg repping you isn't equivalent to repfuck.

If you're going to call me an idiot, at the very least, use proper spelling and grammar.

Making double accounts is bannable, and you just ADMITTED to goint o make one.

Idiots like me? Yes, I'm very stupid, I'm the one who asks for reps, scams people, and fails in life.

Oh, I forgot to put //sarcasm.

(Solid proof this kids a dumbass) ?

nofear1999 - August 21, 2011, 10:09 pm

If you refunded me, show proof and I will close the thread.

The thing you are missing, I purchased AFTER you edited the thread which means you're only making yourself look more retarded, not only did you read the thread.

CeilingCat - August 21, 2011, 11:06 pm

Modem, you kind of screwed yourself.

When he posted that your shells are complete fail, it was at 2:48AM

Spoiler [\(Click to View\)](#)

When you edited your thread, it was 3:02AM

Spoiler [\(Click to View\)](#)

That looks like you were trying to avoid being called a scammer.

You can't say the proof is there that you said they were possibly dead when you edited the thread AFTER he posted his reply, guess you didn't take into account that HF records when you edit a post.

Now, all this could be wrong depending if anyone has a screenshot of the thread BEFORE it was edited.. so yeah.

nofear1999 - August 21, 2011, 11:08 pm

We can easily ask a staff member to check this, as they can see thread edits.

I have no problem with this.

Do you Modem?

Appliance Warehouse - August 22, 2011, 12:28 am

No i do not have a problem in the least bit. I actually was hoping someone could you out with your little problem

nofear1999 - August 22, 2011, 12:48 am

He openly admitted to having multiple accounts when he was raging at posts on me.

nofear1999 - September 1, 2011, 5:36 pm

User is back from his Multi Account ban and still hasn't refunded me.

ISOForest - September 1, 2011, 7:37 pm
