Thread: [Need A Parter For A BOTNET](#)

Confirm - August 23, 2011, 9:36 pm

I am either looking for a partner to join create a botnet with or to join a botnet. I am not looking to purchase a channel on someone elses botnet. I will be completely helpful when it comes to the helping out with the costs of the botnet. Please post here and PM Me if you are interested in me joining you or making one together. Is that better for you Orgy?

No, he has 4 lovely partners he wants to botnet with.

EDIT : GOT IT WRONG, HE WANTS TO TRADE A PARTNER FOR A BOTNET.

And you sir are somewhat correct that is why I would be able to provide something you dont have \$\$\$\$ to make the botnet actually work. Because without installs a botnet is worthless. Correct ? And get out of my thread unless you want to partner up.
