Thread: [\[RELEASE\]\[FREE\]Shitcash Mirror Reflector \(from shitcash to mirror!!\) \[FREE\]](#)

Gr0wlit - August 24, 2011, 7:50 am

Hi all, today i post this pretty program, that i haven't seen in the forum (if the program already exists on the forum, please, don't flame) ..

\$HARECASH MIRROR REFLECTOR

This program convert your shitcash link (like [http://\\$sharecash.org/download.php?file=262581](http://$sharecash.org/download.php?file=262581)) into a mirror (like fileml.com) that you want! THIS ISN'T A DOWNLOADER!!

How to use it?

It's simple! You just put your password and username of your account of shitcash, then you must put your shitcash link and choose the mirror (like fileml, filesmy ecc) and the color. Then press START! and wait for about 20 sec. and you will have got your mirror's link!
