Yea man totally agree, it takes a great dev to listen and then implemente those comments. Nice work.

If I use I will chuck you full cred in app ;)

Well thank's, Im new to this whole theme conception,
I'm always open to advise and always willing to implement new things,
Anyways thanks,

If you change the gradient to red looks like a "Bloody theme"

Sounds good ill keep an eye out ;)

So these themes your making are the aeonhacks theme bade modded or completely rewritten by your good selves?

Thinking of having a go myself at the weekend.
