Can anyone confirm this is legit ? I would run in Sandboxie but I'm busy atm.

VanquishingAle - August 24, 2011, 4:43 pm

Im to lazy myself, doesn't seem legit, coming from a user with 9 posts, and the whole download link looks fishy

I could easily be wrong though.

Does this leave any refferal links on your youtube video?

I assume you have a video to which you tested this on, is it possible to see the video?
