Thread: [\[FREE for L33TS and UB3RS\] \\$HARECASH DOWNLOADER V2 by Gr0wlit \[RELEASE\]\[WORKING\]](#)

Gr0wlit - August 26, 2011, 2:39 am

Hey all... if you don't remember me, [THIS](#) is my old thread (proof that my downloader is working), please, read all this post!

HISTORY

I've made a downloader, but shitcash allow only 50 download in one day, so, when the download have downloaded 50 times, people flooded my pm box, and many people have insulted my work, so i've thought: Why i work for these people? So this is my downloader FREE only for l33ts and ub3rs. Why? Because i think that they are l33ts and ub3rs because they are intelligent and they don't insult me or my work...

FOR NORMAL USERS

Yes, you can have this downloader, for only 1€ (PP)! PM me!

\$HARECASH DOWNLOADER

FREE ONLY FOR L33TS AND UB3RS!

I've added a button, if you press it, you can see if there are problems in the downloader...

HOW TO HAVE IT?

You must download [THIS](#) tool, this is a verification tool ([SCAN OF VIRUSTOTAL](#)), when you click in the button, you get a code. PM me with this code and i Pm you with the link of your personal copy of shitcash downloader and the instruction for use it.

This is the image of tool:

Please read this until the end.

I have noticed that many "normal" users are being a complete jerks on the forums, and people start to think that all normals are like that. Well to say the truth no, Im personally always being nice. The other guy yesturday, sent me a link for a download on H.F. which i waited for aproximetly a day. But saddly it didnt work... I didnt start to flame him. Instead I said "Sadly the link you sent me is not working :(, butthanks allot for trying to help sir :)".

Im being completely serious, and belive me... not all normals are so bad. There are some l33t`s going around giving good people bad rep, either cause of jealousy or just being stupid.

Its up to you to decide sir, but I beg you... Can you please do an exeption for me ? I really need this program of yours.

I hope you will understand me...
