Sweetttt bro I can use this as a combo with my shitcash v3 lol

Nicrands - September 2, 2011, 10:56 am

nice program... i will download it... :D

EviLKraKen - September 10, 2011, 8:07 am

not working,it cant open now man...

Gr0wlit - September 10, 2011, 9:55 am

It works, tell me what is the error!

Monster.PPD - September 10, 2011, 12:46 pm

this looks awesome, nice job and thank you !

BrothaMike - October 1, 2011, 10:59 am

this doesn't seem to work for me at all :(

I'm using windows 7 and tested on windows xp as well but none of them seem to work.

My shitcash account info is correct too :/.

Can you please help me? thanks bro :D

edit: nvm it works now :D

I had to use proxpn for it too lol.

requires net framework,

Yesterday I get an application like this. net framework and should be removed

so is this making a fileml mirror or a bypass download mirror?

if it just makes another \$hitcash mirror, whats the point i dont get it?

i would like to know though in case this is useful
