Thread: [Making sigs, avatars, ect.](#)

Izntme - August 27, 2011, 1:02 pm

I see people who make these badass 3d/2d sigs and avatars and I am wanting to know what program do you use?

_SLQ - August 27, 2011, 1:04 pm

Adobe Photoshop CS5 - period.

[This message has been considered so short that It wouldn't let me press the "Post Reply" button...]

Just Photoshop extended nothing else

Sefirosu - August 27, 2011, 3:22 pm

Adobe Photoshop CS5 Extended. You gotta pay though unless you torrent it.
