Heyy Guys

STATUS: ONLINE

To contribute to the community more, i would like to give my skills in representing stuff and using my commentary to help and show people their Hacks or other things like RATS,Coded applications to show off to other people.

If you would like me to give a TUT of your Worded TUT i can do this only if you put me as doing it in your thread.

If you would like to do this:

1. PM me of what you would like to do TUT whatever.
2. Send me your App,RAT whatsoever by MU or what ever goes with you.
3. Please be patient ! i have other things to worry about then do this as i have school and i am trying to concentrate and also stay alive in HF! ;)
4. But please i will do this for you no doubt. And Obviously Make it High Quality ;)

Thanks
