Thread: [SCAMMED FOR 500\\$ BY AN UBER](#)

El Beik - September 3, 2011, 2:05 am

his profile: <https://hackforums.net/member.php?action=profile&uid=416897>

we had a deal that i will sell him my facebook page that contains 270,000 likes for 500\$ via western union. He said that he will transfer all the money at once the next day. I told him i need the page for another week for some business, so he told me to put him admin and do my work for the next week and then i can remove myself and in the mean time he would have already sent me the money. He said i can trust him and shit and that he is known for such business.. so I ACTUALLY TRUSTED HIM AND PUT HIM ADMIN !! the next thing you know i am out of the page and he starts updating some stuff on the page too and removing my shit. I told him to please put me back as an admin he never did and then he disappeared, went offline. I even messaged him on facebook begging him to give it back and he did not even reply.

i am sorry this is too long ! i actually print screened almost all of our conversation (the most important parts) and they are abotu 11-12 pics ! just to provide proof that i got scammed !

Proof that's his MSN/AIM/whatever or this is fake.

AEP - September 3, 2011, 2:44 am

Scams... I hate scams... Scams are like scams.. I just dislike them.
I feel sorry for you :(Hope you get this sorted

Glassy - September 3, 2011, 2:44 am

\$500 is alot mate. With more proof of the contacts would get you to a valid report. Report this to the Red Lions.

I hope the member responds to this report.

Show proof that he said that is his MSN. Like a PM, or post.

Mr. Fink - September 3, 2011, 3:00 am

Looks like a legit scam report mate. I feel sorry for you. You should look more into his name changes + scam reports next time.

he really got scammed... someone should do something about this !!

[M]ghtyK[Il]er - September 3, 2011, 5:19 am

He's not online, give him a chance to see if he'll pay or give it back, if he doesn't then he definably has scammed you, so G'luck with getting your money or page.

Zniper555 - September 3, 2011, 5:20 am

_char - September 3, 2011, 6:18 am

Robert Nesta Marley - September 3, 2011, 6:22 am

The accused member seems to have allot of scam reports on him, sorry to hear of your loss.
Doesn't look like he's the type of guy that will start refunding people so I guess the only justice would

be if he got banned. Thanks for warning everyone though.

El Beik - September 3, 2011, 6:58 am

So its kind of up to the admins now to ban him or no ?! Where is the justice on this website !

1. HF will not be held responsible for deals made by members.
2. Read this guide on safe trading.
3. If you are scammed please use the Scam Reports forum. Do not send staff a PM. There is little we can do.
4. If reporting a scammer please post as much evidence as you can.
5. If you are a l33t member please leave the scammer feedback even if it's neutral.
6. We do not allow any deals that are associated with credit card, bank, or identity fraud.

They are not responsible so I doubt they will ban him, sorry :/

Love your post bro xD

yeah he has a point ^

\$500 or a Facebook page might be a lot, but look in the real world.

People are suffering from hunger and illnesses.

And we're all here complaining about Facebook pages and money.

I know this might be a big loss, but good luck on getting your stuff back.

Peace. ?
