Very nice mate i like it, Keep it up mate

Nestea - September 4, 2011, 3:52 am

AWESOOOME , u shall add deepink instead of white :x

SoulZeh - September 4, 2011, 3:52 am

nah not deep pink lightblue or something for the border would look really nice mate

User CP - September 4, 2011, 3:53 am

i like that the theme is simple, i hate when themes getting way to advanced :P

SoulZeh - September 4, 2011, 3:56 am

as i was just saying to Perplexity on skype atm as soon as everyone figure's out how aeonhack does his theme's, he will have a new sexy method on doing but.. but i do actually really like this

theme some reason :O

kobez - September 4, 2011, 3:57 am

Thanks guys, and edited first post to show the different between checked and unchecked boxes :)

SoulZeh - September 4, 2011, 3:58 am

I will be releasing it when i am done, it will be on my program i'm making for sql injections ?

(Sep 4, 2011 04:06 AM)SoulZeh Wrote: [\[CITE\]](#) Can vouch for that comment :P ? ahahahahhaahah you know it man!

Doctor07 - September 4, 2011, 4:52 am

This is fucking awesome! The colors down to the shapes & Sizes are just l33t. :D

kobez - September 4, 2011, 4:54 am

It will be released really soon man ??

IDontNeedAUsername - September 4, 2011, 5:29 am

Wow that looks pretty awesome. Good job:)

The Alex - September 4, 2011, 5:33 am

SexY man I like it =D

randomjibbirish

hav0c1995 - September 4, 2011, 5:35 am

I am also working on a dark black theme. I will release it, today. Yours one is pretty cool and sexy.

kobez - September 4, 2011, 5:44 am

Thanks guys, ill release it really soon :D

just working on the process bar and splitter.

Oxy - September 4, 2011, 9:03 am

Nice one there.

but, use another color for text.

maybe pink

or orange

kobez - September 4, 2011, 9:10 am

ok, thanks for the advice heat, will take it into consideration and make a few versions :)

Oxy - September 4, 2011, 9:21 am

(Sep 4, 2011 09:10 AM)kobez Wrote: [\[CITE\]](#) ok, thanks for the advice heat, will take it into consideration and make a few versions :)

make a choose option between a few versions.

some people like it dark and some like it light.

that would be awesome :D

kobez - September 4, 2011, 9:33 am

I'll release all the different versions, but I don't know if I should make one super high quality one and sell it for like \$3? would anybody buy it? :/

Oxy - September 4, 2011, 9:50 am

if its verry usefull sure :D
it is a sql tool you say.
what wil it do?

kobez - September 4, 2011, 9:55 am

the theme will be for sale, the tool will remain team intra members only for awhile, just so the members get a feel ;)

and shoot me a pm, I'll tell you wha the tool can/will do.

kobez - October 6, 2011, 7:23 am

Thank you mate :)
check out the link i posted above, if anyone is interested in buying this theme and version2 of this theme :)

0xE9 - October 6, 2011, 7:31 am

Looks good man :D

Looks like all other themes kinda, just a color change, but overall it looks nice.

Thanks for that, i posted this theme ages ago, and thought i'd sell it because people seem to reckon it would look good for "blackhat" stuff, like rats/stealers ahahah

Selling it here: <https://hackforums.net/showthread.php?tid=1794568>
