Thread: [\[RELEASE\] \[VB.NET\] .Net Customized Theme](#)

50GTB - September 9, 2011, 12:37 pm

Hi

Today i open a topic for people to view the Brick theme created by me and full credits on the source code.

So i have been working a little bit more and creating my own customized items for example...
Rounded TextBox

Close Button

Button

Group Box << Needs little bit more work

CheckBox

Preview Old

[img]http://img94.imageshack.us/img94/366/33brick.png[/img]

Preview New

Honestly I've never used a theme before but I downloaded this one. Any way you can instruct me? I added it to the project but nothing seems to happen.

hacku4eva - September 9, 2011, 6:39 pm

good job with this and thanks for the release

50GTB - September 10, 2011, 2:40 am

Thanks to all the people that downloaded please give credits like i did

hav0c1995 - September 10, 2011, 4:19 am

The things I want to change in this theme are:

- 1) Change the Back Color of the check box in the group box (Its brown).
- 2) Change the color of the corners of the text box.

But, no offense the theme is very cool and the buttons also.

?eumonic - September 15, 2011, 12:49 pm

The CheckBox and Button both look like the one from Advantium.
I am not accusing, but if you did use them, please credit me.

I think this is a nice theme.

keep up the good work

Sol Yurick - *September 15, 2011, 2:12 pm*

This is one of the very few themes I really like. Well done.

SoulZeh - *September 15, 2011, 2:16 pm*

Nice I Like this i have added this to the themelist but next time maybe pm me or ask nicely.
