Thread: [\[Release\] ShadowTech Rat 1.0 \[Release\]](#)

KingCobraXD - September 10, 2011, 3:56 pm

So I finished my Rat about 6 days ago and I released it in the .Net Section since it was coded in vb.net. Anyways, I hope some of you will use this rat and I will update it as soon as possible.

Lol. I've never used Anubis before so I'm not sure what it fully means.

lolza123123 - September 10, 2011, 4:12 pm

ill try it tonight post if its good

bxak1116 - September 10, 2011, 5:55 pm

Will test this and reply with results

ChromiumHF - September 10, 2011, 5:59 pm

Looks really good for a free RAT - hope it's good ?

CRT - September 10, 2011, 6:06 pm

Looks really good, nice simple GUI and features. Looking forward to using it!

KingCobraXD - September 11, 2011, 2:46 pm

Thanks for the comments, guys. Much appreciated. =)

Darktheif - September 11, 2011, 3:26 pm

Suggestions: Usb Spread Lan Spread Torrent spread
and does the server u make through rat need to be ran as admin?

KingCobraXD - September 11, 2011, 3:36 pm

Thanks for the suggestions. I will add them in future versions. =)

Grudgeee - September 11, 2011, 3:50 pm

Wow, looks really good KingCobra, if you ever need any help with support teams or anything like that shoot me a PM and I'm there. ;)

Thanks for the positive feedback. =)

Don't worry, I'll shoot you a pm if anything happens. =)
