It looks nice but bruh she got armpit hair

BlackholesOnii-Chan - September 12, 2011, 2:46 pm

LOI i don't see any armpit hair if u talking about that line next to her armpit its from sketching it etc etc.

SudoFox - September 12, 2011, 2:47 pm

I think there is a slight white line down her back... Or am I just seeing things? ?

Black Hole - September 12, 2011, 2:47 pm

Got a lot of rough edges there bro. Make sure to put it on a black BG to get rid of those!

BlackholesOnii-Chan - September 12, 2011, 2:59 pm

Alright i fixed it guys was in a bit of a rush hope its better :D

Little better, I think though the main problem is how this specific one was drawn xD, lots of jagged strokes ^^

BlackholesOnii-Chan - September 12, 2011, 3:06 pm

yeah i might just go with the other one cause this one doesn't look that great :(

Black Hole - September 12, 2011, 4:02 pm

Take a little more time dude! xD

Zoom in! Use a back BG, try and get rid all the rough stuff!

Hair is tricky but you GOTTA take your time on it ^^

A good Render. Well done.

Maybe you also can fix the white line on her head ;)

Berry - September 18, 2011, 5:54 am

I would say take a little more time on the hair, it's still a bit choppy. Also if you look in the upper left corner of the image where shes holding the poll there is some white in the gap between here wrist and the pole. Other then those two things it's a nice render. Good job.
