Thread: [Setting up booters \(3 sources\) cheap \(prices not fixed\)](#)

DeFactos - September 14, 2011, 10:02 am

So guys I will be setting you up with booters.

The prices are not fixed send me a tell if you were thinking of something else. Maybe some other virtual goods or maybe you want a discount?

I have three sources.

I will also give you a shell list. (Mostly public ones)

This one I will set up for 10\$. I believe this is the best one.

First:
