Thread: [Double Orders in Half the Time :D](#)

**xViper** - September 16, 2011, 1:43 am

Hey all,

So as some of you know, I run DotVPS with a few other members from here, and a few not from here, for a total of 6 staff members.

Recently I started to purchase a Sticky in the Hosting Section, and I can report nothing but positive outcomes.

Last Month in 30 Days we made: 73 Orders

This Month, in 15 Days we made: 103 Orders

We have close to 300 clients, in the time between start-up (In June) and now.

Just thought I would share with you, as its an achievement in my eyes ?

Fun Fact, we spend \$140 on Licensing alone each month, which is more then the typical HF Host spends in a year on all services (Reseller Account)

What licensing are you paying \$140/mo for? and how much do you pay for servers a month?

(Sep 16, 2011 08:07 PM)Paradox™ Wrote: [\[CITE\]](#) What licensing are you paying \$140/mo for? and how much do you pay for servers a month?

Licenses are as follows:

4x cPanel VPS License: \$60

1x cPanel Dedicated License: \$35

1x WHMCS License: \$15

1x SolusVM + Slave: \$23

3x Softaculous: \$4.50

$60 + 35 + 15 + 23 + 4.50 = \$137.50$

Servers:

\$130 for one, \$140 for the other.
