Legit Post thanks for the Cracking tools! :)

Da_Devil - September 16, 2011, 5:58 pm

Ye, looks legit but i haven't ran any of those.... yet.

Thanks nonetheless :D

I am going to scan this file because it seems suspicious...

There should be a restriction against releases, the rule of VIRUS SCANNERS.

I don't like files without scans, scares me because I'm using an Alienware MX18. I'd get screwed if I downloaded a computer-fker virus.

Lol False Positive and u got to remember these are hacking and cracking tools sandboxie it...

SIM-590811 - September 16, 2011, 7:13 pm

The nature of the tools are for hacking. Its destined for some of them to come up as false positives
haha, Nice share, I might check these out later.

HenryTheApe - September 16, 2011, 7:38 pm

Awesome give away, great tools thanks.

BrothaMike - September 16, 2011, 8:21 pm

thanks for this bro :D
very useful and legit.

H4ckThePlanet - September 16, 2011, 9:01 pm

yeah this is gonna be real safe, way to hide some rats behind already detected progs
