

Forum: [Hack Forums](#)

Thread: [\[MyBB\] UnWanted Forum Search \[Plugin\]](#)

Xerotic - September 18, 2011, 12:12 am

Hey guys, I have another plugin I developed tonight for release.

This plugin allows users to restrict certain forums from showing up when they click "View New Posts" or "View Today's Posts".

Preview from UserCP:

Read more and download from the release thread.

Thanks, hope you find use for it somewhere.

Damdomy - September 18, 2011, 5:13 am

But why use that when you can choose which forums to search?

That's for searching, his plugin allows you to select certain forums when using the "View New Posts" button.

Great job, it looks great! ?

Oooh, i must be confused then.

Look like a nice plugin :)

Like always great job.

Looks great! It might come handy some day.

Xerotic - September 18, 2011, 9:47 am

Thanks for the comments guys! I might make a Suggestion thread about this... many people are complaining about Runescape ^_^

adiiforu - September 21, 2011, 12:04 am

mybbcentral doesn't work for me, it shows 403 forbidden why?
