I want 3 free slaves! What do I do?

umadbro? - September 18, 2011, 10:16 pm

3 slaves is easy with youtube, very easy to achieve 5-10 in fact, off youtube. Depending on how popular the video is and how many friends get to comment on it and like the video, you can probably get up to 40 easy with like 1000 views or so.

krazyone - September 18, 2011, 10:23 pm

Can you give me 3 slaves? just wanna see how my cybergate works

I get like 50+ A day from YouTube. A few of my vids have 20k+ Views.
