Thread: ["Mindfuck" Anime?](#)

Yelim - September 22, 2011, 12:21 pm

I am interested in some "mindfuck" anime or suspenseful anime.
Something like Death Note. :)

What are some "mindfuck" anime you suggest?

Professor Pantsu - September 22, 2011, 12:23 pm

Well if you want something that will fuck you your mind watch Cat Soup, but it's nothing like Death Note. I don't even consider Death Note a mind fuck, it's just a pretentious detective show with supernatural mixed into it.

·Lawliet· - September 22, 2011, 12:37 pm

Death Note is not a mindfuck anime, is just psychological ?.

A real mindfuck anime would be Serial Experiments Lain, and its probably the best one under that genre.

Now if you want a psycological anime, Death Note alike, go watch Code Geass, Monster and Umineko no Naku Koro ni.

But still, you should totally watch Lain, it'll blow your mind.

Black Hole - September 22, 2011, 12:58 pm

I liked Deadman's Wonderland...not really a mind fucker but....some of the scenes can mind fuck you xD

Higurashi will mind fuck ya.

EDIT - fuck fuckity fuck fuck fuck.

Moralitas - September 22, 2011, 1:04 pm

Death note, and there was one where the guy could control people with his eyes.. Damn forgot the name. Edit: Code Geass.

After that, try Paranoia Agent, it makes you go "wht did I just watch?".

Yelim - September 22, 2011, 1:22 pm

Well, I understand some people may not consider "Death Note" a mind fuck anime. However you understand my point. I've only watched two full animes. :P

But I meant something as suspenseful as Death Note. :)

But thanks for the suggestions! 0:

?aragon - September 22, 2011, 1:30 pm

I suggest you start with something like: Nyanpire, lucky star or a-channel.

Well in that case, do not watch Lain because to be frank, it can be quite... boring at least in the beginning.

Twisted. - September 22, 2011, 2:16 pm

Why has no one mentioned Kara no Kyoukai.

Everyone forgets about that one. 3: It's also among the top with the best animation.

Yelim - September 22, 2011, 5:40 pm

I will look up all of these later. I wrote them down.

Do you know if any of these are on Netflix?

Probably not.):

Arruke - September 22, 2011, 6:57 pm

Watch Paranoia Agent and School Days for mind fucks. Or Afro Samurai, just b/c he's so damn crazy xD

Jynx09 - September 23, 2011, 5:04 am

FLCL

Paranoia Agent

Perfect Blue

The girl who leapt through time (movie)
Eden of the East

Each of them are a great show to watch. :3

Yuusha - September 23, 2011, 9:00 am

I wouldn't say that Mushishi is a mindfuck anime since it was pretty straightforward and easy to understand.

OmfqWdf - June 27, 2015, 9:10 am

School Days is the way to go.

Yelim - June 27, 2015, 1:56 pm

I'll be sure to watch School Days and Angel Beats! I watched Neon Genesis Evangelion years and years ago (it was actually my first anime) and I loved it. I am definitely going to watch it again because all I remember was the fucked up ending at the very end of one of the movies.

You should watch Psycho-pass. it's an amazing suspense anime.

Wirt - June 27, 2015, 2:55 pm

Not sure if this has already been suggested, but if you want to think, like actually, watch Death Parade. It's sort of slow in my opinion but it uses brain power.

Psycho-Pass and Psycho-Pass 2 make you think also.
