Thread: [Selling Dedi's 16GB RAM Intel Xeon Processor 2.4 GHz 100MB Upload](#)

Confirm - September 23, 2011, 11:48 pm

I am selling these Dedicated Servers for a good cheap price. If you are interested please post here or pm me. We can discuss a price via private message. Here is the proof of the power of the Server.

Thanks for the vouch I know these are some of the most powerful servers on HF especially for the price.

Black Mesa - September 24, 2011, 12:41 am

How long will it remain active?? Is it hacked?

Confirm - September 24, 2011, 12:46 am

No they are not hacked I pmed you regarding this.

Of course you would just shoot me a pm we can work something out. However, it might have to wait until tomorrow.

claymore - September 24, 2011, 12:53 am

2 cores? Could MSSQL server 2005 be included? Pm with more details and price, please.

Confirm - September 24, 2011, 12:57 am

I just pmed you about the subject at hand.

mcpain - September 24, 2011, 1:39 am

whats the price of this server?

and

where is it located?

MegaStar - September 24, 2011, 1:45 am

what is the price? i am buying that for sure :)
