Found these accounts, all accounts have X [5 year badges].
Amazing accounts.EH

Account ID 1-

A few accounts with X badge and more.

Account ID 2-

A few noob accounts, not sure if they have X badge.

Account ID 3-

Probably the best pack, all accounts (over 10) with X badge.

These accounts must be worth some money, but nobody plays on the portuguese server.

Yes, this is REAL Habbo.

First 3 L33T/Uber users to post will receive what they ask for!
Good luck <3
