Thread: [\[Free\]Habbo Accounts\[Free\]](#)

Stifler™ - September 26, 2011, 3:07 am

So Habbo has finally removed some of my accounts and placed them on separate ids -. - Would've been easier if the delinking method was still here but anyways, The accounts Habbo delinked which I'm giving away to L33TS and UB3RS are:

(L33TS/UB3RS)

Qweef -BryceReid
Replaces
Overcast- Shadiezz

Some other accounts to give away to normal members of HF are:

(Regular members who have positive rep and at least 100 posts)

SW3D\$ - Given to Keyloggers
excitings (also includes gurlette trashtalkgroup catawba=fake cigarburns glittersticks69) -given to DrPepper23123

Must post in this thread and PM me! First come first serve guys.
