

Forum:[Hack Forums](#)

Thread: [Rare Aim/Aol, Yahoo, Hotmail/Windows Live, Myspace accounts, get ur tight sn now!](#)

?K47 - November 3, 2009, 10:12 am

I post on a couple of forums based on cracking rare screen names and email accounts and then trading them(such as aim/aol, yahoo gmail, hotmail/windows live.) I wanted to see if there are any crackers on the forum who are into this or anyone who likes having original screen names/emails without numbers. N e wayz if u see n e thing u like holla at me n we can work out a price, I do group deals to if u want multiple items. I have vouchers who have bought off me as well.

Also please no spamming on my thread, we are all adults here n we don't need n e childish bullshit. Thanks

(all accounts range in price from 5 dollars to 20 dollars depending on how rare it is or how hard it was to obtain)
