Deadman Wonderland

[img]http://upload.wikimedia.org/wikipedia/en/4/44/Deadman_Wonderland_-_Title_Image.jpg[/img]

Reading the manga and finished the series so far (should have a 2nd season or movie coming out soon(no...no there isn't...I have been informed there will be no second season)). I fucking love this anime and want to shove it down all of your throats.

PLOT:

Tokyo is ravaged by an enormous earthquake and most of it is utterly destroyed.

10 years after this incident a boy is framed for murdering his entire class.

The true culprit was a floating man wearing strange restraints and colored a blood red (probably from all the blood....). The boy, Igarashi Ganta, is sent to a newly built prison called Deadman Wonderland. This prison is privately owned and doubles as a tourist attraction where the main attraction is the inmates of said prison participating in insane obstacle courses and various dangerous and bloody events. While in this prison Ganta discovers the "Red man" is under the same roof somewhere in this massive establishment. He swears to find and kill him in order to avenge his fallen classmates. However, this prison has some pretty big secrets hidden within its bowels and Ganta is in for one hell of a journey.

Characters:

Igarashi Ganta (aka Woodpecker): Scared and afraid in this new and crazy world, fights for revenge and for his new found friends. Initially weak and full of self doubt, he taps into a new found well of power egged on by his new found friends.

Shiro: An albino girl which Ganta meets within his first few days at the prison. She acts and speaks like a child but has superhuman physical abilities. She befriends Ganta and helps him on his journey through DW (deadman wonderland). However, not everything is quite right.

Tamaki Yoh: Another one of Ganta's friends appearing on Ganta's first day at the prison. Yoh is a kleptomaniac whose quick fingers help Ganta out of some sticky situations, but somehow, yoh's friendship with Ganta seems slightly "artificial".

Tamaki Tsunenaga: The assistant warden of Deadman Wonderland and a huge antagonist, is a twisted man hell bent on having his way with DW.

His underhanded ways and true motives will have you grinding your teeth the whole series.

Makina: Leader of the guards established in DW as the disciplinary force of the prison. Makina has a voluptuous body but a very mean bite. She keeps the prison in order (or tries to) but her methods can be very harsh at times. She shares a hatred of the assistant warden with Ganta and plans to bring him down. It is not clear immediately whether she is friend or foe.

Senji Kiyomasa (aka Crow): Ganta meets Senji deep in the heart of DW and comes to find they are not so different. After a few conflicts the woodpecker befriends the Crow and another member is added to rebellious bunch.

My opinion:

This series made me jizz my pants multiple times. The animation is spectacular, the plot is fantastic,

especially the prison. All the characters are amazing and play a very important role in the series as well as tug on your heart strings. The unadulterated violence and gory scenes are not overwhored nor unneeded, they are just perfect for the progression of plot as well as filling that need for bloody fights that all action anime fans crave. The plot twists and character progression will have you on the edge of your seat the entire ride. This series is thought provoking, gruesome and action packed, every episode leaving you speechless and raving for more! I seriously have no complaints at all about this series!!

I recommend you go and watch/read this RIGHT NOW!!!
My first review, come at me.

I could always download them one at a time...

I could send you a 48h crunchyroll pass?

SavageBoys - September 28, 2011, 12:46 pm

Ah I hate crunchyroll, the only kind of downloads that are reliable on my connection are torrents.

Happeh - September 28, 2011, 1:41 pm

It is really good. Shame it never made enough sales.

Houki - September 28, 2011, 1:57 pm

Streaming, something I will never do again.

By the way guys, the Manga is just as good as the series so if you wanna read up on what happens after the first season I suggest you check out the manga ^^

Sashko - September 29, 2011, 2:11 pm

I don't know about the manga, but I won't give the series a 10/10 just caz Ganta acts like a pedo from time to time PISSES ME OFF >.<

Professor Pantsu - September 29, 2011, 2:13 pm

I dropped Deadman Wonderland around 2 or 3 episodes in. From what I saw, I didn't really like it.

Are we talking about the same Ganta here? How on earth does he act like a pedo some times?

Mr.LongSlong - September 29, 2011, 2:58 pm

enjoyed the first season of this, can't wait for season 2

Steins;Gate is a good one. (very much recommended)

A Dark Rabbit has Seven lives (Itsuka Tenma no Kuro Usagi) is more playful yet still pretty dark (along with fair amounts of ecchi/loli ecchi). (I say dark because there is mass mutilation of the main character repeatedly (head comes off, holes blown through body etc etc.) and yet...it is still playful....

Here is my anime list if you are interested in my anime tastes:

<http://myanimelist.net/animelist/BlackHole>

EDIT: Almost forgot darker than black :3

Professor Pantsu - September 29, 2011, 7:43 pm

I'm going to second Steins;Gate. That and Madoka are two of the best anime that have aired in the past year.

Eternal. - September 29, 2011, 8:36 pm

I am downloading Steins;Gate now! will tell you what I think when I watch it.

Tasemu - September 29, 2011, 10:02 pm

I liked Deadman Wonderland a lot but its not a 10/10 imo. 10/10 needs to change your life as a result of watching it.

E.G: Cowboy Bebop convinced me smoking was a smart decision

CLANNAD made me cry like a woman for the first time in my life.

Well...it may not have changed my life but the only anime I can think of lately and the first thing that pops into my mind when someone mentions anime is DMW. Never had an anime do that before.

10/10 in my book, maybe not in other's opinions. Outstanding series nevertheless and I can't wait for more.

Xert - September 30, 2011, 3:56 am

Deadman Wonderland I loved the first season, Although it felt like it progressed a little fast could of went a little more into detail, But Hyped about second season i would say about 7/10.

placeholder - September 30, 2011, 9:48 am

I disagree. The series started off alright, but then it became a shitstorm that didn't make much sense.

Spoiler ([Click to View](#))Also, the series ended off on a cliffhanger. Serious facepalms, since the main character didn't realize that his childhood friend had fucked him over. The MC also learns how to master his powers in 15 minutes. Wtf?

You do know that wasn't the end of the series right? More to come lol. He is far from mastering it too. It does take a little bit of brain power to follow but it all makes sense to me and loose ends will be tied up before the series ends.

I am certain there will be. Thought I read somewhere that a movie was coming out too.

The manga goes well into a second season and the anime has pretty much clung to the manga so I am certain there will be a 2nd season.
