Thread: [\[FREE\] Collapsible Water Bottles \[FREE\]](#)

**Superman** - September 29, 2011, 12:38 am

First off this site is legit as I've received my free whitening pen in the mail from their previous free offer.

PROOF:Spoiler [\(Click to View\)](#)[IMG]<http://img31.imageshack.us/img31/3843/img0430vc.jpg>[/IMG]

This seems to work only for people in the U.S and for new customers

When you sign up on their website you automatically get \$10 in credit, The collapsable water bottle is only \$5 which will be covered by your credit making the product free. Leaving you with \$5 extra credit. I have tried this and it works so I thought id share it with the community.

NOTE: You do need a credit/debit/prepaid card for signing up but YOU WILL NOT BE CHARGED.

### HOW IT WORKS

Spoiler [\(Click to View\)](#)After you have successfully completed a transaction, you will receive a voucher the very next day for the deal in your inbox.

As Harley Morenstein from EMT always says, "help me, help you, help me"

Enjoy ?

I never put in my shipping info? How are they going to send it.

You will get a coupon code when the deal is over. You use that coupon code on <http://www.waterbottle.bz/> and that is where you check out and enter in your shipping info.

These are almost exactly like the ones my school gave out. I just want to warn people that the glue holding the 2 pieces of metallic plastic together is very cheap. I had it in my school bag with a warm liquid and the pieces split >.>

These may be almost exactly but they may be different quality made. Anyways its free so theres nothing to complain about ?

**GL1TCH3D** - September 29, 2011, 6:44 am

Well the glue might not be too healthy to ingest xP

If that was the case I don't think they could be selling such a thing.

**GL1TCH3D** - September 29, 2011, 7:14 am

If you think they'll actually protect you and lose money, you have another thing coming

I read about some hot dog stands selling moldy hot dogs at expo 67 so they wouldn't lose money.

That's what I do, and they confirm it. Then I receive emails from them everyday, but never the actual voucher.
