Riddle - September 29, 2011, 5:51 pm

All I can say is..that kid got FUCKED UP lol

AyyLmao0o - September 29, 2011, 5:54 pm

Normally I would feel bad for the kid... but he was throwing rocks at the car. So end result, car vs rocks... car wins \story.

C?a?r?bon - September 29, 2011, 6:18 pm

Insidious - September 29, 2011, 6:21 pm

I'm not going to lie... if anyone threw rocks at my car, I would park the car in the middle of the fucking highway, get out of the car, and chase down and beat the fuck out of whoever threw rocks at my car.

The kid had it coming... I'm not going to be unrealistic like some of you are.

Stay Plural - September 29, 2011, 6:21 pm

That's messed up, but why were the kids throwing rocks at cars? I wouldn't want some random kid throwing rock at my damn subaru. I say they were just asking for it.

BiH - September 29, 2011, 6:24 pm

Damn poor Palestinian kid but that nothing i bet that happens everyday from the fucking zionist jews.

loki` - September 29, 2011, 6:25 pm

Good, he was throwing rocks at the car.

Talk shit get split.

Valence - September 29, 2011, 6:27 pm

I'm pretty sure they were throwing rocks at the vehicle and running towards it. I'm sorry but I don't feel sorry for them. I wouldn't want to get out of a car if rocks are being thrown at my window.

'Jessica - September 29, 2011, 6:27 pm

Why throw rocks at the cars then? -.-
but that was still harsh.

indicud - September 29, 2011, 6:31 pm

I would have done the same thing, except I would back up and finish him off.

LOL JKs but seriously little douche had it coming.

GL1TCH3D - September 29, 2011, 6:32 pm

Even after the car hit him they kept throwing rocks, why would he bother stopping? They'd clobber the guy.

The guy in the car did the smart thing. Hit the douche and keep going. I'm not sorry at all for the kid.

Eclipse - September 30, 2011, 3:22 am

The driver was probably upset with that kid throwing the rocks at him. But, he didn't have to be that angry and run over the kid.. Could've just gotten out of the car, and give him the modern day back hand slap across the face would be enough.. but that's what I think.

JoshuaXiong - September 30, 2011, 4:12 am

The kids were waiting for a car to come and then attack it for fun.
Good lesson learned.

I wouldn't get out of the car when people are throwing rocks at me. Even that adult threw a few rocks after he was leaving. The kid basically ran toward the car so it's partly his fault.

Car hit at slow speed knocked the kid off his feet and rolled gently up and over the hood and back to the ground. Look like it barely could have injured him at all, but that weak kid couldn't even get up without others picking him up and carrying him as if he was paralyzed. What a wussy ass kid.
