Can anyone confirm this is clean? Thanks for posting :)

Iwannabeahacker - October 4, 2011, 2:43 am

what is it? sql vulnerability scanner , auto injector thinge.. Need more info once i do will download it and virus scan it.

I have GREAT security..

Norton 2011 Professional

AVG Pro

Mcfee

Microsoft security Essentials

Windows Defender

All working together somehow .

Paid \$20 to get my infected file FUD but my security STILL detected it... lol

Sorry i think i was bragging .. Oops Soz i didnt mean it like that.
