Thread: [Is this enough to crack premium combolists?](#)

Learning.... - October 7, 2011, 5:50 am

My cracking tools

Raptor 3

Athena II

AcessDiver

Apex

HMA Proxy grabber

My apex config

Code [MU]

Name=Megaupload

UseProxies=True

Host=www.#

UsePost=True

PostPage=/?c=login

PostString=login=1&redir=1&username=[user]&password=[pass]

CrackedString=flashvars.status = "premium";

InvalidString=Username and password do not match. Please try again!

BannedString=

UseEmails=False

your combos won't help at all xD , these are historical tools dude.

The Unknown - October 7, 2011, 8:54 am

Follow this OP: <https://hackforums.net/showthread.php?tid=1784216> it should help you pretty well... And your Tools are pretty good even if they are old they are still fucking good... Still, using tools is not my types but whatever...

He uses same tools as me, and i basicly do this either, but i'm not getting premium accounts?

SUP3RM4N - October 7, 2011, 12:02 pm

like prince said,these tools are historical they wont get u a shit good luck though.

DeMoNi - October 7, 2011, 12:10 pm

It's 100% easier to spread your stealer to a warez board lol ^^
