Suggestions

What would you like to see added to this program?

Anything in particular like back-connecting for rooting? Just voice your opinion and we shall review it :)

We are open to any suggestions you guys feel like posting, so don't be shy, post something that you think would work well with a program like this.

Ghostenigma - October 8, 2011, 3:15 am

To mutch empty spaces for me! Anyway I like it in some aways

Thank you ? the functions are still being added to it :) but it works like a beast atm!

HaxOr? - October 8, 2011, 3:42 am

Nice program mate...I really like it.

Keep it up! <3

Xtremely - October 8, 2011, 3:45 am

I think that design is sick! Keep up the good work, this will make life easier :)

Thank you, we will take this into consideration, we were going to include some webdav type scanner into our dork scanner :)

Prominent - October 8, 2011, 7:00 am

Will it be sold or it will be given for free?

kobez - October 8, 2011, 7:02 am

We are planning on selling it, but only once it has its fully functionality, we will release some free versions of the tool ofcourse :)

Alienguy - October 8, 2011, 7:26 am

Wow , the theme really looks awesome .

Great work kobez.

Shoot me a PM, im interested to hear what you have to offer..

EthicalPractice - October 8, 2011, 3:14 pm

Currently I am quite busy in coding half the things on the list which are yet to be included,
I am hoping to get an admin scanner done by the end of today aswell.

mudkipize - October 9, 2011, 3:28 am

that will be cool once its finished but i worry that windows tools like this will make it to easy for anyone to do then all the web servers will have to patch there sqli holes and no more fun for any of us

kobez - October 9, 2011, 3:36 am

UPDATE: we have the dork crawler (link crawler) fetches thousands of sites in seconds, just bug-testing it :)

HaxOr? - October 9, 2011, 4:19 am

Hey Koby,can you add backconnect function since my NetCat crashes....)

kobez - October 9, 2011, 4:21 am

Hey homie, we shall be working on that soon, got a few other functions to build first :P

kobez - October 12, 2011, 6:15 am

UPDATE: Admin finder tool runs against close to 2000 possible admin pages, still configuring it, but should be added really soon!

Hli4S - October 12, 2011, 10:11 am

Looks awesome ! Nice work i hope you will finish it soon !!!

Best Teemo NA - October 12, 2011, 10:26 am

looks very good will you be adding some ehh not so public webdav dorks?

-DownFall - October 12, 2011, 1:18 pm

Looks pretty beast, nice job kobez.

smasherx74 - October 12, 2011, 5:15 pm

Will it be released for free to the public?

kobez - October 12, 2011, 5:22 pm

We will release a few free public versions, but they won't have nearly as many functions as the tool will have in the sale version.

Aaron Hernandez - October 12, 2011, 5:32 pm

I like the program Kobez. Team Intra are GODS lol nice job

Thank you mate, really appreciated. ?

Aaron Hernandez - October 12, 2011, 5:38 pm

no problem you deserve it

~ 1336 + 1 = ME

kobez - October 14, 2011, 2:34 am

Heres just a preview of our dork scanner, its in a different program for the time being.
Now watch the dork list!

Thanks mate, now time to work on the other functions, guess its my turn to code something :P

ari12 - October 17, 2011, 3:55 pm

cmd shell add will be good. maybe i way to upload shells if website is hackable. if that is possible

Pirate - October 17, 2011, 5:22 pm

Looks cool and handy master. Well done doing it. :)

Oxy - November 2, 2011, 10:05 am

its worth looking at.

keep me in touch about it as you told me :D

nice progress.

but the gui has still some editing to it ;)
youll get there eventually as you always do.

MaXoNe - November 7, 2011, 1:29 pm

Nice job , making something similar in Delphi , my dork scanner is finished , now i'm working on sqli,lfi,rfi scanner and different databases injection builders.If your codes needs help , he can PM me , programming languages are in some way all the same :)

.Satan - December 21, 2011, 2:09 am

Cant wait for this to be released :)
hows the development going?
