I am not offering money...

I can offer lifetime VPN..

CentOS Master - *October 9, 2011, 10:32 am*

\$15.00 Includes:

OpenVPN Setup with Firewall Configuration.

Easy way to add additional accounts.

Configuration of Software based firewall, To Prevent Small DOS / DDOS.

Securing your system and allowing you to choose a custom port for OpenVPN.

Security Fixes:

Updating System repos and all outdated software, Changing SSH Port, Limiting SSH to One IP Address or Multiple.
