Thread: [Collection Of Crypter Sources \[VB.NET,VB6,Delphi,ASM,C++\]](#)

Invulnerability - October 11, 2011, 12:31 am

Hello guys i have collect some private/public Crypter Source (Around 55 Sources).
So, today i am going to share the sources to all member.
Most of the Programming Crypter Sources are using VB6 and VB.net.
You can get some reFUD Crypter tutorial from this forum and reFUD it yourself.
So u can enjoy long time FUD and keep your slaves as long as possible.
Unlike free Crypter just FUD not more than 1 week because some Noob like to scan it on Virustotal.
This Sources also good for Newbie Coder. You can Analyse and Learn the code from these Crypter

*These Sources is not Coded by me..

*All credit goes to Coder of the Crypter

*I m not responsible if the sources contain infected file. Just open the sources

[Collection E-books Crypters // Sources + Tut's by DutchButch](#)
[MEGAVIDEO-How To ReFUD VB.NET App by ViRuzz?](#)
[\[TUT\] - HOW TO KEEP FUD FOR EVER by nickjonnes](#)

Enjoy Longer FUD Server :)

Hope you like it

Sry for my bad English ??

FANB?Y - October 11, 2011, 1:22 am

Post Some Screen Shot Please , And What Kind of Sources Included Make It a Deatail ;)

any way am trying to download the shitcrash rar password ! lol

Ble\$SeD - October 11, 2011, 1:39 am

So your giving away private crypter sources? ?

Invulnerability - October 11, 2011, 4:17 am

Updated some image and sources

Check the link ^^

SIM-888979 - October 11, 2011, 4:18 am

What are the coding languages of these crypters?

By the way, you didn't code these crypters, don't use sharecash because you're making money off people's hard work.

Invulnerability - October 11, 2011, 4:20 am

Hmmm Ok i will post the password now

Enjoy

SIM-888979 - October 11, 2011, 4:22 am

(Oct 11, 2011 04:20 AM)Unstucker Wrote: [\[CITE\]](#) Hmmm Ok i will post the password now

Enjoy

That's very nice of you. It's great to see members changing, as most of the members I know in Hack Forums just download sources, upload them to sharecash.org and tell people to do the surveys to get it, sad case, but it's true.

FANB?Y - October 11, 2011, 4:22 am

Nice Brother ! Thanks For Sharing Your Personal Stuffs ;) !

Invulnerability - October 11, 2011, 4:23 am

Ok guys enjoy the Sources...I will update it often

^^

G-Star Raw - October 26, 2011, 4:55 pm

Thanks for this mate! great share!! :) ...

CreationSlayer - October 26, 2011, 5:11 pm

Took me a bit, but I finally found a VB.Net source. Woot, thanks for this maan.

TruDragon - October 26, 2011, 6:09 pm

These are all pretty old sources.

Good share anyways.

I rather use my own personal crypter.

CRT - October 26, 2011, 7:56 pm

Thanks for posting these. Gonna check them out. :)

(° ? °) - October 26, 2011, 8:32 pm

This might not be the best place to ask this, but just a quick question: Do crypters also crypt string literals in your programs?

AlphaRays - November 18, 2011, 4:07 pm

Thank you :) for replying and pointing me here. very useful sources

DanishCrypter - November 19, 2011, 8:12 am

Thanks man, im gonna refud the crypters and use them personally thanks bro!

IanConnor - November 19, 2011, 8:16 am

This is nice, but be careful guys.

Not accusing you, but I opened a file in it, and now my MSN is sending out a TON of spam emails.

Klarion - November 19, 2011, 9:07 am

This is great, but when is someone going to make a tutorial on how to use these? I don't know what to do with these sources... where do I start guys? help me! I need a crypter...

Neel - November 19, 2011, 12:37 pm

thanks so much for these. I've been looking into how to create a crypter and these work fine. Vouch for unstucker!

Invulnerability - December 19, 2011, 6:16 pm

Glad that i help u all

Enjoy the sources

Rage Against The Machine - December 19, 2011, 8:39 pm

what do i need to edit these file my visual studio 2010 can open the .vbp files it says something about visual studio 6 but i cant find any links for it

1ManArmy - January 5, 2012, 6:38 pm

thanks a lot for not for direct downloading link with password...

Glad you enjoy the link

Link are still available to download :D

ved27 - March 25, 2012, 9:11 am

Thanks you for this good and complete post

preetam.kondekar - March 25, 2012, 9:19 am

Thanks for the information dude,... seems to be great stuff.. thanks again...

jeefo10 - October 28, 2012, 4:18 am

I'm actually teaching myself to how to write program in c/c++

And I made some viruses my own. Now I need some source code about crypter :P

I don't know VB, but Thank you so much! I hope they are great sources and big helps me for learn how crypters work :D

BTW: I hate program in windows >.< LINUX ROCK !

xxxzzz1755 - December 3, 2013, 7:23 pm

i need password rar file help me please

Athos - December 4, 2013, 2:57 am

Nice share ,hope your work get appreciated/
